Follow-up reading: John F. Kennedy is born

1917

John F. Kennedy was born in Brookline in 1917. He later represented Massachusetts in Congress and became president. His birthplace is now a national historic site.

A birthplace helps locate one beginning, not a person's complete life. Compare family history, education, political decisions, and public records when investigating a president.

Compare the two readings. Explain one similarity or difference using a detail from each. Their order does not prove that one caused the other.
